Old Culbertson Home
Jefferson, Texas

Owner Charles Stutz

Date of Erection 1850-55

Architect Unknown

Builder Unknown

Number of Stories One

Present Condition Good

Materials of Construction Frame -- metal roof

Other Existing Records None

Additional Data Built by the Reverend D. B. Culbertson about 1850-55. His descendants were politically prominent in Texas for many years - a grandson having been Attorney General, Governor and United States Senator at the time of his death. This place is rather more simple than many of its contemporaries but, except for additions, retains the same good taste in design that is characteristic of Jefferson at this period.
